INDEX TO VOLUME XIV

1904

THE JOURNAL OF ELECTRICITY, POWER AND GAS

SAN FRANCISCO, CALIFORNIA

INDEX TO VOLUME XIV

Illustrated articles are designated by an asterisk (*) and editorials by a dagger (†)

A

PAGE

American River Electric Company's Transmission *77
Allis-Chalmers Company 112, 462
"Auld Lang Syne," by T. R. Parker 287
Automobile Fire Engine, The Luitweiler Gasoline 72

B

Battle With the Elements, The ....†177
Benefits of Consolidation, by Jno. Martin 285
Biographical
Copeland, Clem A. *497
Boiler Evaporative Tests, A Hot Water Meter for, by John A. Drew *66
Boiler Tests, The Los Angeles *117
Brown-Boveri Alternating Current Machinery in America 377

C

California Electrical Works 67
California Gas and Electric Corporation 116
Carbonets *138
Century Electric Corporation 74
Circuit Breaker, The New Westinghouse Carbon Brake *113
Cole Company, The John R *115
Compressed Air at St. Louis *150
Comstock Lode, Great Pumps for the 503
Conductor, The Irasible Street Railway 188
Consumers' Standpoint, From a, by John A. Britton 326
Convention, Aftermath of the Transmission ..... †213
Convention in San Francisco, A Joint 462
Conventions, The Transmission and Gas ..... †137
Conventions, The Year's ..... †176
Crossley Building *63
Crude Oil, The Over-Production of . 373
Crude Oil, The Transmission of ....†374

D

de Sabla Plant, The *439
Doble-Ryerson 436
Dredges for Salt Water Service, Suction 25

E

Elblight Cables *75
Electrical Decorations in San Francisco *464
Electric Railway and Manufacturers Supply Co 72
Engines, Allis-Chalmers new Standard Corliss *69
Engine at St. Louis, The "Big Reliable" 298
Engine, Test of a Reeves Simple, by R. C. Carpenter and H. Diedrich *466
Escalator, The *24
Exciting Energy, Formula for 273
Exhibits at the Monterey Convention *216

PAGE

Experiences, Pacific Coast Gas Association, by R. P. Valentine *329

F

Flexible Joints, The Martin Metallic *73
Flow of Gas in Pipes Under Pressure, by A. M. Hunt *424
Francis Smith & Co., The Pipe Works of *498
Fuel Oils, Equivalent Heat Values of Coal and 492
Fuses at St. Louis, The Sachs' Noark *470

G

Gas Apparatus, Mains and Holders, Expelling Air from, by E. C. Jones 431
Gas and Power in Monterey County, by Geo. P. Low *358
Gas Association Papers, Discussion . 376
Gas Cooking Stoves, American vs. English
By A. S. Main 320
By C. S. Barbour 321
By H. C. Keyes 322
Gas Distribution by Gas Power, High Pressure 112
Gas Engineer, Anent the ..... †460
Gas Engineering, Concerning, by John A. Britton 155
Gas Enginering Discussed ..... †426
Gas Engineers, A Word to ..... †274
Gases in Pipes, Observation on the Flow of, by L. P. Lowe 322
Gasogene, The Pierson *480
Gas Generator, The Largest in the World, by E. C. Jones *485
G. I. Arc Lighting Apparatus *57
G. I. Automatic Lamp Shades *222
Graphite as a Lubricant 160
Gravity Railway, A Safety Device for, by P. C. Butte *273
Guanajuato Hydro-Electric Transmission, by Robert McF. Doble. *327

H

Heat Values of Coal and Fuel Oils, Equivalent 492
Helena Light and Traction Company, The Substation of *475
High Pressure Water Wheels, by E. G. De Wald *233
History, A Plea for Authentic, by Geo. P. Low 240
Hoist, The Yale & Towne Electric . *436
Hunt, Mirk & Co 76

I

Ice in Power Ditches, by R. W. Van Norden 194
Independent Oil Producers Organize 474
Insulator Pins *73
International Electrical Congress 94, 153, 210, 461
Interurban Electric Traction Systems, Alternating Current vs. Direct Current, by P. M. Lincoln *89
Irrigation, The Government in 154

L

PAGE

Labor Problem, The, by F. J. Symmes 304
Lamp Situation, The ..... †137
Lewis and Clark Centennial, The ...†212
Lewis and Clark Exposition, Progress of the 492
Lightning Strokes, Two *173
Line, A Sixteen-Mile, 80,000-volt Experimental, by A. C. Balch . *227
Line Construction and Operation, American Practice in, by F. A. C. Perrine, D. Sc 452
Line Construction, Medium Span, by Clem A. Copeland *201
Literature
"American Meter Practice" 110
"Alternating Current Engineering Practically Treated" 464
"Design and Construction of Oil Engines" 463
"Electro-Magnetic Theory" 55
"Gas and Oil Engine Management" 463
"Gas Engine, The" 43
"Mechanical Engineers Reference Book" 43
"Modern Wiring and Descriptions for Electrical Workers". 95
"Self Propelled Vehicles" 463
"Suplee's Mechanical Engineers Reference Book" 135
Load Factor, The Importance of, by C. H. Merz and William McClellan *179
Lombard Hydraulic Relief Valves . *500
Los Angeles and Pacific Railway Companies *14
Los Angeles Traction and California Pacific Railway Companies, by S. B. McLenegan *23

M

Magnetic Switch Control for Ore Unloaders *500
Meter Rates, A Proposed Method of Determining, by A. M. Hunt ...*190
Monterey Convention, The *214
Monterey County Gas and Electric Company *358
Monterey Gas Works *369
Monterey, The Historic Town of ...*163
Monterey, The Modernization of ...†374
Monterey, Welcome to, by R. F. Johnson 189
Monterey, Advantages of, by Brigadier-General William Quinton. 241
Motor-driven Shop Tools at St. Louis 469
Municipal Ownership Fails, Why, by A. R. Foote 153
Municipal Requirements, San Francisco 47

N

Naphthalene, by Paul W. Prutzman 395
Nernst Lamps at the Circus *468
